

## Sass

For background colors, you can apply the color simply by extending the classes like the example below.

```
.ilike-blue-container {  
  @extend .blue, .lighten-4;  
}
```

For changing text color, you can apply the color simply by extending the classes like the example below.

```
.ilike-blue-container {  
  @extend .blue-text, .text-lighten-4;  
}
```
